ABSTRACT

This study discussed the translation of movie VCD synopses using the theory of translation. In this paper, the writer uses the dynamic equivalence translation theory for the basic principle in the analysis and research. In order to result a better translation of movie synopsis, the research focused on the errors of the synopsis translation. The result of the research depends on the result of the questionnaire and the interview which are done by the writer. From the result, it can be concluded that movie VCD synopses holds an important role in making the readers attracted to the movie. It becomes the reason why a synopsis should be translated with the right steps and method.
